

Committee or any other committee, any mitigating information provided by the resident/fellow must be shared with the Clinical Competency or other Committee prior to the decision.

If after meeting with the resident/fellow, the Program Director proceeds with the LoDAA, the LODAA must be delivered to the resident/fellow within 3 business days of the decision to issue the LoDAA and in a manner which requires a signed and dated receipt of delivery to the resident/fellow and a witness signature.

The resident/fellow file will include the following:

- Documentation of (1) the meeting(s) to discuss the deficiencies, action plan and expectations (2) delivery of the LoDAA to the resident/fellow and (3) Documentation that the resident/fellow had access to the appeals process
- Documentation of outcome:
 - Successful remediation of the deficiency **or**
 - Consequences of failing to remediate the deficiency

The status of a resident/fellow with a LoDAA will be reflected on the Final Residency/Fellowship Training Summary Verification form.

A Letter of Deficiency with an Adverse Action may not be removed from a resident/fellow file.

A resident/fellow who receives both an LoD and an LoDAA should not be in this status for more than 9 months total during his/her residency/fellowship training.

Appeal of Academic Adverse Actions

A resident/fellow is entitled to appeal an Adverse Action. At each level of appeal, the charge of the person or committee hearing the appeal is to determine if (1) appropriate process was followed and (2) if the decision to impose an Adverse Action was made on reasonable grounds. **At each level of appeal, the person or committee hearing the appeal will either rescind or uphold the Adverse Action.**

If an Adverse Action is upheld at any level of appeal, the resident/fellow must be informed about his/her right to appeal this decision to the next level of appeal.

If an Adverse Action is rescinded at any level of appeal, the Adverse Action will be removed from the Letter of Deficiency. The resident/fellow must still successfully remediate the deficiencies outlined in the LOD. In this situation, because the Adverse Action is removed from the LOD, the LOD itself will be removed from the resident's/fellow's file upon successful completion of the training program. This status would therefore not be reflected on the Final Residency/Fellowship Training Summary Verification form.

If the Adverse Action is upheld upon appeal, the status of a resident/fellow with a LODAA will be reflected on the Final Residency/Fellowship Training Summary Verification form.
